

The seal of approval

Marco's Weather-Tite™ Metal Roof Sealant Stands up to the elements

- **Waterproof seal against water, wind, dust, dirt, or other infiltrations**
- **Adheres to almost any common building substrate or material**
- **30+ standard colors**
- **Tack-free in 1 hour**
- **Paintable (excluding translucent)**
- **Chemically curing <1% VOC**

Marco's Weather-Tite™ Roof Sealant is specifically formulated to outperform all other sealant technologies, including silicones, tri-polymers, and polyurethanes. The superior polymer formula provides exceptional adhesion to Kynar™, Hylar™, Galvalume®, coated and uncoated metal surfaces, plastics, glass, wood, and vinyl.

The product is ideal for use on a wide variety of metal roof, trim, metal, vinyl siding, aluminum, gutters, flashing, windows, doors, and vents materials. It also provides unbeatable adhesion to wood, brass, and other common building substrates. 

Marco's Weather-Tite™ Roof Sealant comes in 30 standard colors to match today's popular metal roof and metal siding materials, regardless of manufacturer. (For details regarding additional, custom color options, call Marco Sales, 800-800-8590.)

The product extrudes in extreme weather conditions (down to 0° F) and is UV-resistant, making it the ideal choice for exterior applications and damp surfaces. It will expand and contract in changing weather and temperature and will not crack. This sealant chemically cures <1% VOC.
